invites you to join us for:

**The Role of the Bicycle in Improving Public Health: New Zealand Research on the Two-Fold Benefits of Improved Fitness and Reduced Greenhouse-Gas Emissions**

**Prof. Alistair Woodward**  
MBBS, MMedSci, PhD, FNZCPHM  
Head of Epidemiology and Biostatistics at University of Auckland, New Zealand

Professor Woodward has been awarded Fellowship of the New Zealand College of Public Health Medicine (FNCPHM), and is currently a member of New Zealand Centre for Sustainable Cities. He has collaborated with colleagues from the Chinese Center for Disease Control and Prevention on environmental health issues, and conducts research to better understand the impact of street changes on walking and cycling.

**03.07.2018 | 4:00-6:00 PM**  
UC San Diego International House (I-House)  
Great Hall  
Light refreshments will be provided.

*Part of I-House Global Forum Speaker Series*
